OFFICE OF THE MINISTER FOR REVENUE & LAW - 5 DEC 1944 No 599

[illegible] 26 4300

Final Note by the Minister for Revenue and Law

Subject — Improvements to the New Dasara Procession Route in Mysore.

The Chairman, City Improvement Trust Board, Mysore, forwarded, for sanction, two estimates aggregating to Rs.1,45,000/- for effecting various improvements to the New Dasara Procession Route in Mysore and requested the Government to sanction this amount as an additional grant to the Trust Board. Since certain works costing Rs 49,000/- had to be carried out urgently before the commencement of the last Dasara, the Government, in their order No.L 1545-7/Ml.39-44-12 dated 10th August 1944, sanctioned a grant of Rs.49,000/- and directed the Chairman to forward detailed proposals with estimates, etc , in respect of the remaining works. The Chairman has accordingly forwarded - detailed estimates amounting to Rs 96,000/-.

The Dewan minuted that the work of concreting of foot-paths amounting to Rs.49,000/- need not be sanctioned at present. Excluding this item, the expenditure on the rest of works would amount to Rs.96,000/- as against Rs.1,45,000/- applied for by the Chairman. Deducting the grant of Rs.49,000/- already sanctioned, a further grant of Rs.47,000/- will be required to the Trust Board.

It is, therefore, proposed to sanction the consolidated estimate of Rs.96,000/- for the improvements in question, the amount being regarded as an additional grant to the Trust Board during the current year.

The proposal is agreed to by the Dewan and the other Ministers. I solicit the gracious sanction of His Highness.

I enclose herewith for favour of submission to the Dewan Saheb a copy of the suggestions given by Mr.C.H Krumbiegal, Consulting Architect, during our joint inspection on the 21st inst. of the proposed Dasara Procession route and other places in the city.

Regarding the improvements to be made for the Dasara procession route, I have already submitted to the Dewan on the 15th inst , when he was here for the Birthday that a special grant was necessary for working out these improvements as the funds of the Trust Board are inadequate for taking up any special work. He was pleased to instruct me to apply for funds with definite proposals. Estimates for the several items suggested by Mr.Krumbiegal are ready and as per the two abstract estimates herein enclosed a sum of Rs 1,43,500/- will be required. For want of time only urgent items as noted in abstract Estimate No.2 will be worked out before the ensuing Dasara. Pending the sanction of the grant, I have made arrangements for taking up the urgent items of work noted in the abstract No.2 amounting to Rs 49,000/- immediately. I have made separate requisition to Government to sanction a special grant of Rs.1,45,000/- .

Regarding the Muslim Orphanage compound, Mr. Krumbiegal has kindly promised to give a design.

Sir,

I have the honour to state that Government in their Order No L 1545-7/Ml.39-44-12 dated 10th August 1944 sanctioned an additional Grant of Rs.49,000/- for carrying out the marginally noted works in connection with the improvement of New Banni Mantap Procession Route The works were all completed within the time specified and the Procession Route was made ready for the occasion On account of certain unforeseen items of expenditure as explained below an excess of nearly Rs.6,000/- over the grant now sanctioned has become necessary:-

1) Metalling the sides of the road	Rs.16,500
2) Earth-work to slope & forming	8,200
3) Forming Circles and Band Stand area..	5,500
4) Earth-work cutting and forming foot-path	3,500
5) Curbking the foot-path.	14,000
6) Temporary Establishment & Misc	1,300
Total	Rs 49,000

1) Formation of Temporary Band Stand	Rs	1,000	0 0
2) 1/4 Cost of lorry purchased by the Trust Board		1,911	11 0
3) Cost of purchase of extra Buntings & Streamers etc , for the Procession Route as resolved by the Trust Board		2,400	0 0
4) Cost of tree guards		500	0 0
Total	Rs	6,810	11 0

It may be mentioned in this connection that the estimate of Rs,49000 is only a part of the bigger estimate of Rs 1,45,000/- for the improvement of the Procession Route and an additional grant of Rs.96,000/- has been applied for in this office No D2 C 13/44-45 dated 19th October 1944 for completing all the permanent improvements connected with this important road There will be no excess over this total estimate of Rs.1,45,000/- and the present excess of Rs 6,000/- noted above will be met out of the savings in the estimate of Rs.96,000/- for the remaining works.

Under these circumstances, the excess incurred over the grant

of [illegible] directly to [illegible].

I have the honour to be,
Sir,

Re:- Improvements to the New Dasara Procession Route in Mysore

In continuation of this office No D2 C 13/44-45 dated 26th August 1944 and further reminder No.372 dated 19th October 1944 on the above subject, I have the honour to state that out of the Special Grant of Rs 49,000/- sanctioned by Government in their Order No L 1545-7/M1 39-44-12 dated 10th August 1944, urgent works that had to be carried out before the commencement of Dasara were duly completed to that extent within the time prescribed The remaining improvements costing Rs 96,000/- as detailed in the consolidated estimate sent with the letter referred to above, still remain to be done but as certain incidental works over and above the special grant of Rs 49,000/- had also to be completed before Dasara, they were completed and a sum of nearly Rs 6,000/- has worked out which will have to be met from the further special grant of Rs 96,000 to be given for completing the remaining improvements

2 In this connection, I wish to state that when the Dewan was here recently, the works still remaining to be done were explained to him when he was pleased to say that they may be taken up and that the amount would be sanctioned

3 Under these circumstances, I request that Government may be moved to sanction a further special grant of Rs 96,000/- as already requested for completing the remaining improvements early and their sanction may be kindly intimated

4 It would be better to work out these further improvements during the ensuing summer season instead of hurrying just before Dasara
